*Clear Surface Sealers*

# StrongSeal Wetlook

*Clear gloss wet look sealer for pavers and stone*

***Before***

***After***

**Long Lasting Wet Look**

**Non yellowing UV resistant**

**Damp Surface Tolerant**

**No Water Whitening**

**Ideal Joint –Sand Stabilizer**

**Oil and Stain resistant**

**No solvents or Odor**

**Mold and Mildew Resistant**

**Retards Efflorescence**

StrongSeal Wetlook is a damp tolerant two part polyurethane water dispersed paver sealer and joint stabilizer. When applied to pavers and concrete the product will produce a long lasting wet look surface that provides superior protection against stains and exceptional water resistance. In addition its properties bond and lock down the sand between paving joints. Typical Uses: New and old concrete, Colored and stamp concrete, Unglazed ceramic tiles, Saltillo, Paving stones, Masonry brick, Natural stone.

**Driveways • Garage Floors • Concrete  
Pavers • Patios • Workshops  
• Parking Decks**

## **Other products from CoverTec**

Manufacturer and distributor of specialty chemical products used in the surface preparation, restoration and protection of building substrates. CoverTec products are used primarily in Flooring applications, Roof and Wall waterproofing and for Industrial and Commercial maintenance.

Our products have very low odor and VOC and can be applied to many substrates including concrete, wood, tile, stone, brick metal, rubber and aged asphalt. Key products groups include:-

- Clear surface sealers
- Specialty coatings
- Substrate cleaners
- Waterproof coatings

### **Technical Support**

CoverTec offers training and technical support with all our products. We have experts in the field and in the lab that can offer the highest level of technical service.

### **Green Product Solutions**

CoverTec is committed to green building and **LEED** certification contributions. We are a member of the **US Green Building Council**, and have products backed by a range of approvals including Energy Star, USDA and NSF

### **CoverSeal PEN55**

**Oil and Stain resistant penetrating clear sealer. Used on concrete, masonry or porous tile subject to staining or discoloration. No effect on appearance.**

### **CoverSeal PEN50**

**Is a hydrophobic silane siloxane emulsion specifically developed to reduce the ingress of salts and water to, concrete, stucco and masonry substrates. It is also highly resistance to mold and mildew**

### **CT-FloorStrip HP**

**Is a highly effective labor saving stripper that virtually eliminates the need for floor machines, pads, and rinsing. It will solubilize aged and built-up finishes and waxes almost instantly. This high performance floor stripper is designed to remove floor finish, water-based coatings and sealers from heavily burnished floors.**

### **CoverClean HC**

**Microbial cleaner for oil contaminated surfaces. Used to clean and digest petroleum based oils and grease from concrete and pavers. MicroClean and its by products are environmentally safe and harmless to plants and animals.**

### **PreTreat**

**Is an acidic solution specifically developed to microscopically etch the surface of ceramic and porcelain tile, concrete and other hard mineral surfaces**
