

Spray Rig Recommendations for CoverCoat 840 CP Roof Coating

For Hose Length Less than 100'

- 3000 psi, 3 gpm airless sprayer
- ½" 4000 psi airless hose
- spray tip up to .035
- ½" live swivel from hose to gun
- Graco Mastic Flo gun with wand and 861 tip

For Hose Length Greater than 100'

- 4000 psi, 3 gpm airless sprayer
- ½" or ¾" 4000 psi airless hose
- spray tip up to .045 (delivers over 1 gpm)
- ½" or ¾" line swivel from hose to gun
- Graco Mastic Flo gun with wand and 861 tip

Optional Equipment

- extra Graco GHD reversing spray tips (631 & 645)
- 55 gallon suction kit

Sprayer Examples

- Hydra 4000 by Accuspray (4000 psi, 3 gpm)
- Hydramax 350 by Graco (4000 psi, 3.5 gpm)

For best results when temperatures are under 70° F., you can pre-heat coating, use a shorter hose length or use hoses with a larger diameter.
